Title: Silverdale & Aryslan

Author: Historian Laurette

Silverdale (light cases)
and Aryslan (dark cases)
were two of the most
popular player created
towns in Chesapeake
history.
Aryslan was an early
Felucca effort <next>

that was frequently
visited by Seers, usually
in the evil forms of
Mazrim or Lord Zyrn.
Many Quests originated
here.

Silverdale was one
of the top player cities
of Trammel history,
famous for the Siren's
Call Tavern and many
inhabitants.
